

STAR TRACKER

Part Number Guide

Star Tracker Generation

16RT2: High-performance, 5-arcsec class with bespoke optical solution

16HV: High-volume, 10-arcsec class with commercial lens solution

Communications

RS485 (RS422)

CAN

Radiation tolerance

0: Standard parts

1: Lot screened parts

2: Rad-Tolerant parts

ST-16HV-28-RS485-2-1

Supply Voltage

28: 9 V to 34 V

Baffle

0: No baffle

1: Small rigid baffle

2: Large rigid baffle

3: Small high-volume

4: Large high-volume

Not all combinations mutually possible.
Please consult factory for full selection.
