Group	Electronics – General
Clause	<ol style="list-style-type: none"> 1. Printed Circuit Board (PCB) Data Package <ol style="list-style-type: none"> a. Items listed below shall be delivered in addition to material required in the Purchase Order: b. Certificate of Compliance per RL-SR-001 – Supplier Quality Manual c. Micro Sections <ol style="list-style-type: none"> i. Final micro-sections coupon analysis shall be provided to Rocket Lab. ii. Coupon design shall be in accordance to IPC-2221 and the specified finished PCB characteristics. d. Material Certificates <ol style="list-style-type: none"> i. The material used shall be traceable to the manufacturer’s lot number through date code and serial number. If Hot Air Solder Levelling (HASL) is used as final finish, analysis of solder pot in compliance with IPC-6012. e. All manufacturer reports/results. The PCB manufacturer shall include the items listed below: <ol style="list-style-type: none"> i. Results of all electrical verification testing performed (unless otherwise specified) ii. Results of ionic contamination testing shall be kept and provided upon request of Rocket Lab iii. All deviation and waiver reports including all MRB action taken on the PCB or constituent material. iv. All existing raw material reports and vendor certifications. f. Final copy of any Technical Queries or drawing redlines that were required for fabrication and approved by Rocket Lab (if needed) 2. Handling and Packaging <ol style="list-style-type: none"> a. Handling and Storage shall be in compliance with IPC 1602 – Standard for Printed Board Handling and Storage b. External packaging shall protect the PCBAs from movement, shock events and physical damage during shipping and handling.
